**Blood.**

We live by our blood, and on it. We thrive or starve, as our blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, no cheer, no spring, when rest is not rest and sleep is not sleep, we are starved; our blood is poor; there is little nutriment in it.

Back of the blood, is food, to keep the blood rich. When it fails, take Scott's Emulsion of Cod Liver Oil. It sets the whole body going again—man woman and child.

If you have not tried it, send for free sample, its agreeable taste will surprise you.

**Don't be fooled.**

The 'Republican' last week tells its readers that candidate for Representative Fuller is in favor of and will work for the College bill, if he is elected. We have his speech of acceptance anyone can come see and don't be fooled.

Representative M. M. Fuller is

**Dead against it.**

At the Republican county convention Representative Fuller, in his speech of acceptance, entirely ignored the Reservation question, even when editor Griffith called his attention to it, and at no time mentioned that he would work for it or even present the bill to the House. Do the republican friends of the Reservation want to vote for such a man to go there?

And it must be remembered that it won't be an easy thing to carry it for the eastern part of the state generally oppose western wants; We will have opposed to us those Legislators who always oppose appropriations for NEW institutions and keep down those now granted. Another serious opposition will be those who want their city to have a new Normal school. So the man who goes should have experience and know how to meet this opposition: one who can afford to go and be "one of the boys", and work with the other members and get thro' his bill quick. Notice what bitter opposition there is in the Asylum location fight,

It means a State Institution and annual appropriations for all time in our county. Government appropriation for Agricultural purposes and experiments, and one of the Artesian wells already ordered to be bored in this district.

It means new buildings and the labor and material to build them. It means new students from all over western Kansas, with people coming here to visit or locate here to school their children, and it means to the farmers of our whole county a market for their products.

It means to make Ellis county and Hays city better known all over the country.

President Taylor of the State Normal school, when here, was enthusiastic to have a Western Branch located here and will work for it.

Emporia with its state Normal, Lawrence with its state University, Manhattan with its state Agricultural college commenced small but this year commenced the new term with each about 2000 students boarding around the town. Shall we start and help build up such an institution or let it pass? It lays now with the voters.

It is "Up to You."

Will You Favor the Reservation? Or Throw Cold Water on the Fight for the College?

The Democrats nominated John Schlyer for Representative, all the other candidates withdrawing so as to show no opposition to the show for the Reservation.

Populists will also name him by acclamation which means his career.

So it remains with our county to do our part, your Reservation committee, Mayor Fred Haffner, Schlyer, Charlie Redder, Oshant, Griffith & Freese have done their part and got it "up to you". Shall our County and Western Kansas get it or lose it?

Do not get scared if your heart troubles you. Most likely you suffer from indigestion. Kodol Dyspepsia cure digests what you eat and gives preparation known that completely digests what you eat and gives the worn out stomach perfect rest. It is the only preparation known that completely digests all classes of foods; that is why it cures the worst cases of indigestion and stomach trouble after everything else has failed. It may be taken in all conditions and cannot hurt but do you good.

J. C. Farley.

Last week's 'Republican' sent out a supplement containing a list of people who had changed from Bryan to McKinley. It was sent out by their National committee all over the U. S. and looked big, but in Kansas it was ridiculous, as it gave 30 farmers in Delaware county, Kansas, and there is no such county in the state.

And the only one named in Ellis county is Andrew Downer and no such name is found in the poll books of this county.

**Bull for sale.**

**Jake Shutts** is making a quiet, effective and successful campaign for County Attorney and his election by 300 majority is generally conceded, some saying 500.

As an able young attorney he is continually showing his ability in conducting cases in court, and is continually studying to be more proficient. He is at all times a perfect gentleman, agreeable and obliging, an honor to the county.

When County Attorney before he conducted the office creditably and never put the county to a dollar's expense when he could prevent it, always examining into it, but prosecuting energetically every whiskey or any other case if the complaint or evidence showed guilt. He never prosecuted any case to make fees for the officers.

He is worthy of every vote and such candidates should be encouraged by your vote, for it means competent officials in the court house.

**Cyclone Feed-Grinder.**

We guarantee the following Points of Superiority over any other Loose Grain Feed-Grinder Made.

1. It is more simple and durable.

2. It will grind twice as much grain per hour as any other mill of the same size, and do it with half the power.

3. Its bearings are absolutely self-sharpening and will outlast any other bearings made.

4. It can not be choked with wet or damp grain.

5. It grinds feed more uniformly than any other mill.

6. It will make Corn Meal, Rye, or Graham Flour, and grind Flax Seed perfectly.

7. It is the least expensive mill made.

8. It will grind 40 bushels per hour with four horsepower.

9. The bearings are not injured by being run when empty.

MANUFACTURED BY THE **CYCLONE FEED-GRINDER CO., LINCOLN, NEB.**

**Teachers' examination**

The next regular examination of candidates for Teachers certificates in Ellis county will be held in the Public school house in Hays on Saturday Oct. 27, at 8 a. m.

**ALEX. MEIER, Co. Supt.**

**Boss Hanna brought Prosperity** to the wheat farmers, so he says, but what about the farmers' millet sorghum and cane fields that are a failure. Really, farmer voters aint such claims mere bosh? Isn't it the Lord, with his rains & weather that has given you crops. But it is the republican trusts that make you pay higher for nails, wire, sugar and other things.

There is lots of talk of claims on the Reservation. It is hardly possible that the Government would open without giving all a fair notice and equal show. and the law has not been complied with and we don't believe a single one of the claims will hold when examined by the department.

**Don't get caught,**

Some of the fellows who thought they had secured homesteads on the Reservation are now awfully anxious to sell out their rights as they don't want to move here, and on the land and several letters are here wanting an offer for their rights, a kind of Quit claim.

Don't bite yet. The Commissioner decided this or that man, naming him, could have a homestead, but when that man releases, he don't release to U but back to the Government, it then becomes again part of the Reservation, and that was Withdrawn from Settlement Aug. 24, 1899 and when your papers get to Washington may be rejected and you be out your money.

Again, remember that any settler there must pay the appraised value 3 non resident appraisers appointed at Washington say, payable in 5 annual installments with interest, in addition to living on it 5 years as a homestead.

Let Dr. Jones, Register of deeds Hinkle, merchant Moore, editor Olson of Wakeeney and father Monroe of Iowa, and others break up their old homes and housekeeping and business, and move on their farms here, we welcome such good citizens with their wealth.

**DO YOU GET UP WITH A LAME BACK?**

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and one dollar bottles are sold by all good druggists.
